Eugene Wright, oldest son of Rev. P. C. Wright, of Hartford, formerly pastor of the Central Baptist church, now stationed at New London, has been transferred to the navy service where he has been in the navy service for many months. He is a frequent visitor in this city during his hours off duty.

TELLS PARISHIONERS THEY DO PATRIOTIC SERVICE

At the morning service at Christ Episcopal church on Sunday, which the church will hold services in its own building before uniting with Trinity church for the winter, by reason of conservation under war conditions.

Rev. R. B. Graham took occasion in his sermon to call the attention of his parishioners that it was a right and wise and patriotic thing to do, although all felt regret at the severance of old services in uniting their own church edifice.

How shall we as churchmen, he asked, aid the country, our army and our navy in the struggle?

The question by reading the letter which Gen. Pershing sent in response to a greeting delivered to him by Rev. Dr. McFarland, Europe as a messenger from the federal council of churches and Christ in America; it was as follows:

"In the name of the American army in France, as well as in my own name, I thank you for your kindly and stimulating message. It is the consciousness that the soldier has behind him an undivided nation which enables him, whatever his rank may be, to face his duty with confidence. We Americans have added inspiration and encouragement that flows from the example and friendship of our allies, who for four years have been fighting our battles in fighting their own. Standing by their side, we expect not only to vindicate the common cause of justice and honor and righteousness, but also to lay a solid foundation for world peace."

We dare not claim that, as an army, we have yet achieved that high standard of manhood and conduct upon which the largest human effectiveness should be built, but the fact of the nation and the church is constantly before us. With sincerity and firm purpose we set our faces towards the goal. After all, it is a common fight against the forces of evil. What necessary for the manhood of the soldier is necessary for the manhood of the citizen. The powerful resources of the nation, which have been placed unflinchingly at the disposal of the army, are indispensable for the accomplishment of our duty. But we know that mere wealth of material resources or even of technical skill will not suffice. The invincible and unquenchable force let loose by the prayers and hopes and ideals of Christian America, of which you are representative, is the power which furnishes the soul and motive for the military body and its operations. It steadies us to resist manfully those temptations which assail us in the extraordinary conditions of life in which we find ourselves. Your message of loyalty to us draws this reciprocal message of loyalty to you. We of the army think with gratitude and emotion of the unflinching service and wonderful trust in us of the churches at home. May we prove ourselves worthy of it.

JOHN J. PERSHING.

France, Aug. 18, 1918.

Rev. Mr. Graham said that he wanted it to be an actual fact as far as the people of Christ church were concerned that the prayer of the church would be with the men fighting under the flag. Whether the closing of the church is going to help or injure depends on the spirit. If it involves serious difficulties in the parish, let these be a stimulus to greater effort. Be faithful in attendance, earnest in prayers, constant in loyalty, and you will come back to your church from a deeper affection, stronger attachment and purer devotion than ever before.

LINEN SHOWER FOR WAR HOSPITALS IN FRANCE

Another emergency such as that which prompted the Red Cross campaign for 5,000 tons of surplus clothing for Belgium makes it necessary for the American Red Cross now to appeal to the public for donations of surplus household linen. The emergency has arisen in war hospitals in France and elsewhere. The linen supply there has been exhausted and the Red Cross is asking for approximately 5,000,000 articles of linen in order that the hospital needs may be met.

The campaign will be conducted under the name of "The Red Cross linen shower."

The allotment of articles requested from the Norwich chapter is as follows: 1, bath towels, 2,500 hand towels, 1,400 handkerchiefs, 100 napkins, 630 sheets 42x102. The approximate dimensions are: Bath towels 18x35 inches, hand towels 15x30 inches.

The success of the campaign will depend wholly on the self-sacrificing spirit of the people. The appeal is addressed to the public generally and each household is urged to give at least one set, 20x25 inches, a bath towel, a hand towel, a napkin and a handkerchief. Any part of a unit, however, will gratefully be accepted.

Wise is the man who refuses to drink between drinks.

The woman's committee kept constantly at work all day on Tuesday and their headquarters in the Thayer building and on Franklin square was a scene of activity as the different reports were brought in to the chairman, Mrs. J. J. Desmond, and her assistants and team captains were kept busy in making up the totals on their lists.

Norwich, Conn. Lodge of Moose is one of the first fraternal societies to be heard from by a subscription. They have directed A. Craig Taylor, chairman of the trustees to purchase \$1,000 worth of the bonds. The lodge will thus hold bonds of every Liberty loan.

Troop 12-35 for \$4,050
Troop 1, Taftville, 21 for \$1,450
Troop 2, Taftville, 13 for \$650

The general committee is to hold its regular meeting this (Wednesday) afternoon at 4 o'clock at the Norwich Savings Society and will hear reports from the various divisions of the work and consider any new plans that may be brought forward to achieve the results quickly and make the first week of the drive in Norwich put the town in the lead way on the road towards realizing the goal of going over the top.
